The WOO GIRL from earlier is sitting on the couch with the TWERKER girl and PUSH UPS guy, watching videos on a laptop.

SMOKER staggers into the room, face bleeding, and falls onto the coffee table with a crash. TONY and RUTH follow.

Tony then brings out an M-80 FIRECRACKER, LIGHTS IT, TOSSES IT DOWN THE HALL (so everyone has to wait an awkward few seconds until) **K-BAM!**

PUSH UPS  
DUDE! STOP!

RUTH  
(to Tony, 'stand down')  
It's okay.

But now the GIRLS are rising in anger (the one who was twerking and the one who was going 'Wooo!')--

WOOO GIRL  
This is totally inappropriate, come in here like this--violence is not power, you know, it's, like, the *absence* of--

TWERKER  
Both you ugly motherfuckers better drag your shit on outta here 'fore I get my keys out n' fuck you both the fuck up--

RUTH  
**SHUT UP!**

The Kids blink paralyzed by her sonic boom.

In the ringing silence, she raises her PHONE like a pistol, slowly, deliberately, and aims it at that laptop...

She taps her LOCATION APP and...

*B-bing!* The LAPTOP chimes in response. *B-bing! B-bing!*

At that, Push Ups and the Girls seem to wilt. *Busted.*

Tony shakes his head in disgust. *Gotcha.*

Ruth extends her arm, eyes locked on Push Ups, and as one final YOUTUBE BIKE HORN sounds, she closes the LAPTOP.

With ceremonial solemnity, she starts to pull it away but...

RUTH (CONT'D)  
The power cord, please.

And so Woo Girl bends down to unplug it, hand her the CORD.
